

Company announcement no. 1/2021
Schindellegi, Switzerland - 18 February 2021

Trifork exits co-founded Humio Ltd.

Trifork Labs has entered into a share purchase agreement with CrowdStrike Holdings Ltd. regarding its ownership in Humio Ltd.

The entire shareholding in Humio Ltd. is acquired by CrowdStrike Holdings Inc., a leader in cloud-delivered endpoint and cloud workload protection.

Together with the other shareholders, Trifork has found the timing right to exit our shareholding and is of the view that CrowdStrike is the right future partner for Humio.

Under the terms of the agreement, CrowdStrike will pay approximately \$400 million to acquire Humio, subject to adjustments. The acquisition is expected to close within the next weeks, subject to customary closing conditions.

Humio Ltd. was co-founded in 2016 by Trifork and has become a leading provider of high-performance cloud log management and observability technology.

Trifork CEO Jørn Larsen comments: *“CrowdStrike is a very exciting home for Humio. Trifork is very proud to have successfully co-founded Humio as part of our Trifork Labs eco system. We congratulate everyone in and around Humio for a fantastic journey until now and we are looking forward to a continued collaboration with both Humio and CrowdStrike”.*

Financial results 2020

The sale of the Humio shares will have a positive impact on the 2020 financial result of the Trifork Group, due to the Trifork Labs adjustment of the fair value of financial assets end of 2020.

The financial results 2020 are expected to be published on 16 March 2021.

About Trifork (www.trifork.com)

Trifork Group, headquartered in Schindellegi, Switzerland, with offices in more than 11 countries in Europe and North America, is an international IT group focusing on the development of innovative software solutions. The group was founded in Denmark in 1996 by Jørn Larsen, the current CEO and now has around 800 employees in 48 business units, focusing on three vertical business areas: Digital Health, FinTech and Smart Buildings and three horizontals: Cloud Operations, Cyber Protection and Smart Enterprise. We “think software” and believe that we can change the world with software. We find smart solutions that make life better and easier for everyone. Trifork optimizes its customers’ business by delivering effective and user-friendly digital solutions. As part of its innovation program, Trifork produces technical content in collaboration with hundreds of tech-experts from the leading universities and startups. With the GOTO brand, Trifork serves a world-wide tech community of close to 200’000 people. Trifork’s R&D is anchored in the Trifork Labs, where Trifork continuously co-founds and develops IT start-up companies. The startups deliver technology that Trifork uses to produce innovative solutions for customers. At present, Trifork is a partner in 20 start-up companies. AxonIQ and Verica are examples of very successful Labs companies. The Trifork Group’s financial targets for 2020 are a revenue in the range of EURm 115-120 and an EBITDA of EURm 17-19.
